INDUSTRIAL DIRECTORY

Restigouche Region

Edition 1989

90-00261/

FORWARD

This directory has been compiled utilizing the Standard Industrial Classification Manual for Canadian Industries (Statistics Canada, Ottawa).

Its purpose is twofold:

1. To facilitate visitng executives and sales representatives from other countries and provinces who desire to do business with Restigouche County establishments;

2. To acquaint resident companies with goods manufactured and distributed in the general Restigouche area, thereby encouraging trade between respective businesses.

HOW TO USE THIS MANUAL

This manual has been designed in such a manner as to facilitate the reader's search for a desired group of industries. The firms are classified in accordance with the Standard Industrial Classification (S.I.C.).

The primary step is to look at the Table of Contents for selection of the industrial group the reader wishes to leaf through, (take note that there are eleven divisions); and proceed with the identification of the S.I.C. and page number associated with that specific group.

The reader should then turn to the referred page(s) in order to select the firms(s) desired for more information.

Should the reader be searching for a specific company, the Index commencing on page 61, is at one's disposal. All firms included in our Directory have been listed in alphabetical order and cross-matched with the corresponding S.I.C. and page number.
